

Dear Parents and Guardians,

We would like to inform you of the change in policy in the reporting of last grade.

Currently Grade 9 in the O-level examinations are reflected in the students' result slip and not reflected in the examination certificate. To recognise students' efforts in attempting a subject regardless of their achievement, with effect from the 2023 graduating cohort, all grades, including the O-Level Grade 9, will be reflected in the student's result slip and examination certificate. This will apply for result slips and examination certificates for students taking secondary school national examinations in 2023 and beyond.

Thank you

Best regards

Ms Chan Wan Siong

Principal
