

Dear Parent/Guardian,

Damai Secondary School has been selected by the School Examinations and Assessments Board (SEAB) to be part of a research study on Computer-based assessments. The study will leverage on a past year GCE Normal (Academic) Social Studies (Humanities Paper 1) to gather feedback from students on their experience taking this paper using an electronic platform. Your child / ward from Class 404 has been selected to participate in this study.

This study will take approximately 2 hours 30 minutes. The students will complete a past year Social Studies exam paper, using a laptop, instead of hand-writing their answers. The students will then have a short focus group discussion with the SEAB research team on their experience. The students' responses and feedback will be critical in informing important future decisions relating to the digitization of assessments.

Details are as follows:

Date: 18 May 2022 (Wednesday)

Time: 1330 – 1600h

Venue: F2-4 CR

For queries, please contact HOD/Humanities, Mrs Lavinia Ranjan at denise_lavinia_selvakumar@schools.gov.sg

Thank you for your support.
