

Dear Parents / Guardians,

In order to ensure our students continue to have meaningful CCA experiences, it is important that each CCA has a sufficiently large number of students. Due to declining cohort sizes, the school has to undertake the difficult decision of phasing out our Handball CCA. Starting from this year, Handball CCA will no longer recruit Secondary 1 students.

Existing Secondary 2, 3, and 4/5 students will continue to participate in the Handball CCA until their graduation. The school is committed to supporting their learning and growth in the CCA for their remaining duration in Damai Secondary School. The school will continue to engage our current coach and support our students in their training and competitions.

With fewer students, the coach will be able to give each student more attention and guidance, and support them to fulfil their potential in their CCA. The CCA teachers will continue to guide our students, develop their character, and provide opportunities for team and relationship building among their peers. We believe that our students have the resilience to persevere and continue to make the most of their CCA in their remaining years in Damai Secondary School. Rest assured that their CCA learning experience remains our priority.

Please feel free to contact me at the email provided for any queries.

Thank you and warmest regards,  
Mr Ng Zhi Xian  
HOD PE & CCA  
Damai Secondary School
