

Dear Parent / Guardian,

We are writing to inform you that your child/ward will be participating in a Financial Literacy Programme.

Your child/ward will be exposed to various education and career pathways, economic literacy concepts, income tax, and retirement funds and many other financial concepts & tools through an interactive and informative board game to develop financial literacy knowledge and skills. In addition, your child/ward will be able to experience how his/her day-to-day decisions can impact short and long-term well-being by experimenting different real-world scenarios.

Due to the various dismissal time, the classes will attend the programme in school in staggered sessions. Students who have an earlier dismissal are strongly encouraged to stay in school to have their lunch and use the time productively in the library to complete their homework and revision.
