

Dear Parents/ Guardians,

Thank you for your support for the past term. Last week marked the final session with our Sec 4s, as we bade farewell and thanked them for their contributions in a farewell event organised by their juniors. The Sec 2 and 3 leaders also received their pins in recognition of their new leadership positions.

This term, both the teachers and our Choir coach, Mr Sean, have inculcated the values of

1) Responsibility and

2) Leadership

in the students.

With the Choir resuming face to face sessions, initially, it was difficult for the students to get used to the routine of collecting the keyboards and setting up venues. With the help of the committee members, the students themselves came up with a roster for the collection. This encouraged each member to have a sense of ownership and responsibility in getting ready for Choir sessions.

Furthermore, under the guidance of our Choir coach, both seniors and juniors alike, took turns to lead the vocal warm ups and breathing exercises. This gave all members the opportunity to be under the guidance of the coach and experience leading the Choir. We hope that such opportunities will build their self-confidence in both leadership and their musicianship.

Looking ahead to Term 2, we have planned more opportunities for small-group collaborations between members to explore singing in small groups to build up their confidence and musicianship. We are excited to re-ignite their passion for singing through different platforms, and are looking forward to the performances they have to offer!

Attached is the schedule for Term 2 for your reference on the focus for this term.

We look forward to your continued support in the growth and learning of your child/ward in this upcoming term!

Sincerely,

Ms Evangeline Lim
