

Dear parents / guardians,

It has been an extremely fulfilling Term 1 developing the netball team that your child/ward is apart of. The girls have trained very hard under our new coach, and all of them have spoken out on how they feel like they have improved as an athlete and also as a netballer.

The past 2 years have been challenging with the restrictions we have had to follow because of the pandemic. Hence, we are happy to announce that the national school games are resuming. The B division girls will be participating in the upcoming games against schools in the East Zone. The C division girls will be participating in their games in Term 3. The games will really enhance the experience of netball for the girls, and being part of a competitive sport will also provide them with the opportunity to compete and achieve their personal best.

The Sec 4 students will have CCA until the end of B division games. We will be planning a farewell session for them in the final week to celebrate their 4 years of contribution to their CCA and to handover the torch to their juniors. Do look out for more photos and updates to come!

Best Regards

Miss Chua and Ms Zubaidah
