

Dear parents / guardians,

I am Ms Liyana, the teacher in charge of Art Club CCA. As our school year begins, I would like to take this opportunity to welcome your child / ward back to Art Club! The past 2 years have been challenging with the restrictions that had to be followed because of the pandemic. Nonetheless, we have tried our best and will continue to provide the opportunity and space for students to hone and develop their creativity thinking, while keeping all our students safe.

We are also glad to welcome new Sec 1 students to Art Club this year! We are certain that they will have an enjoyable and meaningful experience under the guidance of our teachers and their seniors. Here in Art Club, our students can look forward to meaningful experiences – picking up new skills from one another, experimenting with a variety of artistic mediums and taking part in various art competitions.

The Sec 4 students will have CCA until the end of Term 1 Week 10, after which they will stand down in preparation for their O/N Level Examinations. We will be planning a farewell session for them in the final week to celebrate their 4 years of contribution to their CCA and to handover the torch to their juniors. Do look out for more photos and updates to come!

Thank you!
